**Maisha Kikoti Fact sheet ~**

Situated in the heart of the Maasai plains, less than 1km from the Tarangire National Park boundary, Maisha Kikoti is a place where visitors come as guests and leave as friends. Four hours drive from Arusha, Maisha Kikoti is also reachable by charter plane, arriving at Kuru Airstrip, with a shorter drive to the camp. Being located outside the park offers certain advantages; the chance to enjoy nature walks led by Maasai rangers; or night game drives are a huge bonus as most properties and camps are unable to offer these sorts of excursions. The camp is within a days drive of Lake Manyara NP, Ngorongoro and Serengeti and makes a perfect addition to your safari circuit.
