**& BEYOND**

## Lake Manyara Tree Lodge

*Serengeti National Park*

## TANZANIA

Tanzania's Lake Manyara National Park offers a true wilderness experience in diverse habitats, from its Rift Valley soda lake to dense woodlands and steep mountainsides. The Great Rift Valley is at its most impressive here, with the escarpment dropping some 550 metres (1 640 feet) down to the lakeshore.

Apart from its spectacular natural setting, the park is famous for its unusual tree-climbing lions and the vast elephant families it was established to protect. The shores of the lake, encrusted with pink flamingo, attract more than 400 species of birds, many of them waterfowl or migrants.

Large herds of buffalo, cheetah, Masai giraffe and impala roam the lake's shores and the forested valley slopes. Troops of several hundred olive baboon appear alongside Sykes monkey and short-eared galago. Cape clawless otter, Egyptian mongoose, hippo and klipspringer are other park residents.

Set in the heart of a mahogany forest, **&Beyond** Lake Manyara Tree Lodge is the only permanent lodge in the park of the same name. Designed to exert minimal impact on the environment, the lodge is situated in the park's south-western region. Guests are offered an exclusive interpretive safari in a remote, game-rich wilderness. Cradled in the boughs of ancient mahogany trees, ten stilted treehouse suites, crafted from local timber and makuti palm fronds, boast a sophisticated blend of intimacy and romance, offering privacy and exclusivity in cool, leafy surroundings. Each treehouse suite features generous decks suspended above the forest floor and large windows invite the lush forest inside. The classically elegant bedrooms are fitted with contemporary furnishing in neutral colours and textures, overhead fans and billowing mosquito nets. The bathrooms have freestanding baths with a forest view and an outdoor shower. Overlooking a forest boma, or outdoor dining area, lined with traditional dugout canoes, guest areas are characterised by soaring spaces that house local artworks and tactile fabrics. An interactive kitchen allows guests to observe the preparation of delicious dishes that are enjoyed in the theatrical boma or on the open dining decks, with spectacular forest views. The lodge has a Safari Shop featuring signature community craftwork and a range of lodge branded safari clothing.

## AT A GLANCE

- 10 treehouse suites
- Swimming pool
- Outdoor showers
- Interactive kitchen
- Safari Shop
- Boma for open-air dining

## WHAT SETS US APART

- Only permanent lodge within the national park
- Romantic treehouse suites
- Situated in a remote and secluded area of the park
- Spectacular Rift Valley scenery and dramatic escarpment views
